

tips to help find a *meaningful* career

planning a career path that is right for you!

TIP 01

Take a career planning assessment

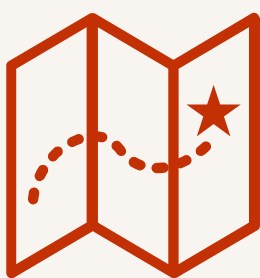

Career planning assessments are a great tool to help you understand your strengths, skills, and capabilities. Learn from assessments to support further development and find the right career direction for you.

TIP 02

Understand the training journey

Find out about training options, and build the right training pathway for you. You can find information about costs, locations, assessment styles and how to ask for support by engaging with the training providers in our course list.

TIP 03

Industry exposure & mentoring

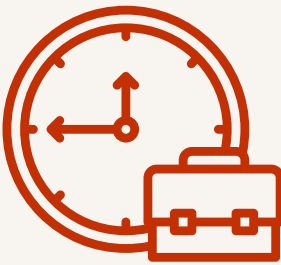

Tap into the expertise of some of the most experienced industry leaders and professionals on the Redlands Coast. Build relationships, and learn about what working in your future role is really like.

TIP 04

Work experience & casual employment

Get hands on experience such as work experience /internships/employment with a local business. Our Chamber members are established Redlands Coast businesses ready to support locals looking to learn.

TIP 05

Start your own business

Want to be your own boss? Starting a business is a great career pathway chosen by many locals of the Redlands Coast. There are great business mentoring and small business training programs available.
